Fresh Peach fruit paste

Fresh Peach fruit paste

PLANT-BASED

86.45% FRUIT PURÉE

12.5% ADDED SUGAR

Ingredients

Peach fruit purée, Sugar, Agar-Agar, Carrageenan Iota

FREEZABLE

Description

This firm gel is made through a synergy of two natural plant-based gelling agents. The Iotas create a supple, elastic gel, while the agar-agar makes for a much firmer gel. Together, their qualities form a very pleasant, hybridized texture. This solution helps you add texture to the fruit purée without concentrating it, cooking it or adding lots of sugar. As a result, you can serve your customers a truly fresh “fruit paste”.
